## Verify Your Data is Sent to UPS

To verify if your data is sent successfully to UPS:

Step	Window (if available)
<p>1. In the Shipment History window, select the End of Day process identified by date and time under UPS Pickups.</p>	 <p>The screenshot shows the UPS WorldShip Administrative Workstation interface. The 'Shipment History' window is open, displaying a list of shipments. Under the 'UPS Pickups' category, the entry '27-Sep-2011 - 9:37:32 AM' is selected. The status bar at the bottom right indicates 'Ver: 15.0.6   Log has 1 dated shipment(s)'.</p>
<p>2. The status appears on the status bar in the lower right of the window.</p> <p>The message "Data Sent" appears on the status bar if the End of Day data was sent successfully.</p>	 <p>This screenshot is identical to the previous one, but the status bar at the bottom right now displays 'Ver: 15.0.6   Data Sent: 6 total shipment(s)   Pickup Rec: 2202152.00.2', indicating that the data has been successfully sent to UPS.</p>

## Verify Your Data is Sent to UPS

3. If the message **NOT SENT** appears in red next to the date and time or if the message Data Not Sent appears on the status bar, the End of Day process was not successful.

Resend your data to UPS.
